INVACARE®

Standard Manual Wheelchairs

For over 30 years, Invacare has set the standard for manual wheelchairs by empowering people with disabilities to achieve their goals. Invacare's programs and services have helped providers operate more successfully and efficiently while meeting their clients' needs. The "can-do" attitude and commitment to quality from Invacare is represented in the full product line of standard manual wheelchairs. Today Invacare continues to work on design improvements while maintaining the characteristics that have become tradition: **durability**, **interchangeability** and **value**.

Why Invacare® Standard Manual Wheelchairs?

As the premier brand in the home health care industry, Invacare continues to be committed to meeting both the needs of customers and consumers worldwide with standard wheelchair products.

- Low-maintenance designs that meet RESNA standards for manual wheelchair performance.
- Many models available as ready to ship for quick delivery.
- Consumer custom configurability available.
- Full assortment of bariatric manual wheelchair solutions.

LOGO LOOK-OUT!

Bariatric/Heavy-Duty Designation

Invacare products with the Bariatric/Heavy-Duty icon are designed for your bariatric patients whose height and weight require the use of a heavy-duty model. These products provide the same quality that all Invacare products possess. They also demonstrate Invacare's commitment to this product category.

Seating Options

Invacare general use seat cushions and backs are available **without a qualifying diagnosis**.* Invacare products with the cushion logo are available to be purchased with a seat cushion or back to provide maximum comfort.

**Providers are responsible for determining the appropriate billing codes when submitting to the Medicare Program and should consult an attorney or other advisor to discuss specific situations in further detail. This information is subject to change without notice.*

Builder Chair

Invacare products with the configurable logo are available as stock models and are also able to be custom configured. Select from many options to personalize a chair to a user's specific wants and needs.

**People with disabilities want more than wheelchair mobility.
What they really want is access, integration, and jobs - they want to do all the same things able-bodied people want to do.**

Invacare® Tracer® SX5 wheelchair's lightweight frame, weighing less than 36 lb., makes this chair perfect for rental and long- or short-term use. This wheelchair offers multiple seat widths, arm styles, sectional back and seat-to-floor heights by utilizing the dual axle position frame base. The 20" and 22" widths include a semi-pneumatic caster to accommodate a weight capacity of 300 lb. Combining the design and technology of the Invacare®9000 series wheelchairs makes it possible to interchange components with the Tracer SX5 wheelchair.

Invacare® 9000 Topaz™ wheelchair is designed specifically to suit the unique needs of bariatric patients. The Topaz wheelchair combines the strength and durability of a carbon steel frame with the comfort of heavy-duty front riggings and arms for proper positioning. With a variety of seat widths and depths, frame reinforcements that include gussetted sides, caster journals and dual heavy-duty crossbraces, this chair provides not only ease in maneuverability but proven stability.

Invacare® 9000 Jymni™ Wheelchair

FEATURES

- Durable, carbon steel frame is long-lasting
- Stroller handles provide ergonomic positioning for caregiver and remove for ease in transporting
- Adjustable front riggings provide ideal positioning for pediatric clients
- Urethane rear tires mounted on “no flex" wheels offer superior performance
- Virtually no-maintenance, dual-sealed precision bearings
- Dual-axle positions allow for quick and simple seat-to-floor height adjustments of 15" and 16"
- Seat width and depth options provide proper positioning
- Adjustable angle back easily changes from -5˚to 20˚ in 5˚ increments
- Meets RESNA standards for manual wheelchairs in product performance

INVACARE®

Backs & Cushion Options

The new adjustable tension **Invacare® Versair™ Back** is designed for positioning and comfort, offering versatile and clinically beneficial solutions when standard sling upholstery does not meet an individual's need. Wide tension straps are easily adjustable to accommodate positioning requirements with maximum support. They can be adjusted taut in the lower back for optimal sacral support or relaxed in the upper back to accommodate a thoracic kyphosis. The padded back upholstery uses mesh fabric for added comfort and improved airflow between the user and the back.

Why Invacare® General Use Backs and Cushions?

As the premier brand in the home health care industry, Invacare continues to be committed to meeting both the needs of customers and consumers worldwide with Invacare's standard wheelchair products. Invacare general use seat cushions and backs are available without a qualifying diagnosis.

The **Invacare® Versair™ Back** is designed for positioning and comfort, offering versatile and clinically beneficial solutions when standard sling upholstery does not meet an individual's need.

INVACARE®

Cyclical Lever Drive

Invacare® CLD (Cyclical Lever Drive) provides users with the ability to self-propel themselves with one arm, enabling an active, mobile and independent lifestyle. With its front caster steering mechanism, simple rowing motion design and adjustability in height and stroke length, the Invacare CLD is an easy to use one-arm drive.

There are no service requirements for the CLD mechanism, although service requirements for the wheelchair apply. Kits available for provider installation. Right- or left-handed configuration. Provider installed kits for Invacare 9000 XT, 9000 SL and Patriot wheelchairs. See 9000 XT price list (95-66) for availability. These are not compatible with U2222 rear wheel and the 9000 SL wheelchair also requires space saver arms.

Specifications

Mechanism weight	9.1 lb.
Added width to chair	1.5"
Stroke length	15"-16"
Grip height adjustment	15"-18"
Mechanism color	Black/chrome
Installation	Right- or left-hand
Weight limit	250 lb.
Limited warranty	2 years
